TRAGIC MURDER AND SUICIDE.

A French Canadian Killed His Indian Sweetheart and Then Drove the Knife Into His Own Heart.

CHICAGO, April 4.—A romantic and tragic story comes from Point Pelee, Ont. James LaBlanche, a young French Canadian, killed his sweetheart, an Indian girl named Olga Postamie.

The Frenchman lived on the mainland and had not seen the girl during the winter. When he went to her home he learned that she had given her love to another, an American. He begged the young woman to take a walk with him.

When they arrived at "Lovers Rock," a spot made famous because an Indian chief had there murdered a French girl who refused to marry him, LaBlanche is said to have stabbed Miss Postamie.

He threw the body into the lake and then drove the knife, with which he had killed the girl he loved, into his own heart, falling dead into the water after her.

THE PAY OF CUBAN TROOPS.

No Consideration Will Be Paid to Any Proposition for Money Outside of the \$3,000,000 for That Purpose.

WASHINGTON, April 4.—It was reiterated Sunday night by two members of the cabinet that no consideration will be paid to any proposition for money for the Cuban army outside of the \$3,000,000 fund now awaiting their acceptance, and, furthermore, it is hinted that if too much trouble and deliberate delay occurs preliminary to that amount being turned over to the Cubans, the \$3,000,000 may be withdrawn and no payment of any sort be made by this government on account of the Cuban troops.

No proposition for an additional sum will be considered in any form and the statement to that effect by Secretary Hay in the unofficial interview with the two delegates from the assembly will stand. It is also stated by cabinet officials that no attention will be paid to the project for authorizing a Cuban loan.

Sticken in Church.

NEW YORK, April 4.—D. A. Waterman, treasurer of the Michigan Central railroad, while attending Easter service in the Warburton avenue Baptist church in Yonkers in company with his wife and daughter Sunday, was overcome and became unconscious for four hours. His condition is considered critical. He is about 65 years of age.

Death of Judge William Cowles James.

COUNCIL BLUFFS, Ia., April 4.—Judge William Cowles James, a prominent resident of this city since 1893, died Sunday, aged 69, of heart failure. Judge James was a native of Ohio, graduated at Oberlin college and studied law at Cleveland. He was twice mayor of this city and sat on the district bench for several years. He leaves a widow.

Their Wages Increased.

BUCKEYE PICK-UPS.

FOUND HIS KIDNAPED BOY.

A Father's Joyful Reunion After a Separation of Twenty Years—Located in Richmond, Va.

MARION, O., April 4.—After a separation of nearly twenty years, Mr. F. J. Frei, of this city, and his abducted son, Harry, have been united. The family, consisting of father, mother and son Harry, aged 10, resided at Des Moines, Ia. The mother died, leaving an estate of \$25,000 to her son.

Soon after her death the boy was kidnapped. A thorough search was instituted throughout the United States and Canada by the father, but no traces of the missing boy could be found. The father grieved over the loss of his son and gave him up as dead, after spending time and money in the search.

A few days ago he was located in Richmond, Va., well and doing well. A correspondence followed, resulting in a visit by the son. Mr. Frei says that words fail to express his joy over meeting his long lost son, for whom he has grieved these many years and has grown gray and old.

POTTERIES COMBINE DEAD.

Col. John N. Taylor, President of the New Trust, Admits That the Scheme Has Failed Through.

EAST LIVERPOOL, O., April 4.—Saturday night at midnight the options held by John R. Dospassos, the head of the New York syndicate which attempted to organize the pottery trust, expired and Sunday the American potteries combine is dead.

On Saturday Col. John N. Taylor, of the Knowlens, Taylor & Knowlens Co. of this city, who was to have been president of the new trust, admitted that the scheme had failed. Local manufacturers received letters from Mr. Dospassos last week saying that the prospects were not the brightest, but that he would advise them to allow their options to remain in his hands another month to allow him to make a final effort. This the western manufacturers, at a meeting Saturday night, refused to do.

Cleveland Carpenters Strike.

CLEVELAND, O., April 4.—About 1,000 carpenters went on strike in this city Monday, and it is stated that these figures will be greatly swelled before night unless the contractors accede to the demands of the men for an eight hour day and 30 cents an hour. A number of contractors, it is said, have agreed to the scale of the men. The carpenters who have struck say they are fully determined to stay out until their demands are granted.

Three Fires at McComb.

McCOMB, O., April 4.—Saturday night John Miller's houses in the northern part of the town were burned, and at the same time Marion Pendleton's large barn and other buildings in the east end of town burned. Marion Pendleton's loss is about \$7,000 and others \$3,000. This was the third fire last first week, the first burning nearly half of the business part of the town.

Famous Easter snowstorm.

PIERRE, S. D., April 4.—A furious Easter snowstorm has been raging here all day, about six inches having already fallen with more in sight. It is drifting badly and the thermometer is falling.

See, agents' body shipped for home.

MARIETTA, April 4.—The bodies of Col. Egbert, of the 2nd infantry, and Lieut. John Gregg, 4th infantry, will be conveyed to the United States for interment. The remains were placed on the transport Sherman Monday.

For School House Bonds the vote was 14 for the issue and 8 against.

The election yesterday, and especially the work of making the count of the vote in the six wards of our city, showed well how sadly a division of each of the wards into two or more voting precincts is needed.

The bone labor on the part of those who do the work of judges and clerks is too severe to be agreeable to any man, especially when there are four separate tickets to vote and be counted as was the case yesterday.

For utility's sake and out of regard for humanity this matter should be attended to before another siege like that of yesterday.

In '97 Dye beat Parlin 142 votes, the returns giving 1315 and 1173 respectively.

First Republican in Twelve Years.

Special to Leader.

Columbus, April 4.—That Schwartz, the Republican candidate for Mayor, is elected seems to be an acknowledged fact. The Democrats concede his election over Black by about 1,800.

Schwartz is the first Republican to be elected Mayor in twelve years.

Heaviest in Its History.

Special to Leader.

Toledo, April 4.—The heaviest vote in this city's history was cast yesterday. James, the Independent candidate, was elected Mayor; but the remainder of the ticket elected was Republican.

The Result at Cincy.

Special to Leader.

Cincinnati, April 4.—The Republican ticket, Superior Judge and two members of the Board of Affairs was elected by three thousand.

The proposition for the city to buy the Zoo was carried.

Hamilton Democratic.

ROYAL BAKING POWDER CO., NEW YORK.

THE TURKISH MINISTER.

Is a Man of Wonderful Attainments and Great Accomplishments, and Amusing Peculiarities.

Ali Ferrouh Bey, the Turkish minister at Washington, is a man of wonderful attainments and great accomplishments. He is a fine artist and takes artistic photographs. He also speaks English more correctly than the average foreigner. He is greatly sought after in Washington society. Unlike the Chinese minister, Ali Ferrouh Bey abominates progressive culture, and the hostess who invited him without a previous knowledge of this peculiarity has a hard time of it. His way of looking on the hands of his opponents and disclaiming any knowledge of the game is exceedingly engaging, to say the least. He is more than apt to see some pretty girl of his acquaintance across the room, and will leave the players—if his hand is poor—in an unceremonious fashion to say "howdy do" to her. If the humor prompts him he will throw down his cards and avow his intention to step out in the hall to take a smoke, which he is obliged to have in solitude. When he tires of this sort of thing he comes back and expects to sit down at the table where he has left off, and feels aggrieved if not allowed to do so. When he is placed where he belongs he is more than apt to get tired again and will throw down his cards and exclaim: "Bald! Why do you play this childish game? Let us play poker or baccarat. Come!" and again he throws down his hand in the midst of a game in which the other participants are breathlessly trying for the tinsel prize.

DR. HARPER DRAWS PARALLEL.

At Stanford University He Compares It to the Chicago Institution.

President William R. Harper, of the University of Chicago, delivered an address before the Stanford students while in the west. His address, which was extemporaneous, was devoted largely to a comparison of the University of Chicago and Stanford university. The institutions are somewhat similar in origin and about the same age. He said in part:

"I hear of your 8,000 acres of land and think of our 27. I think of your magnificent freedom in the open air and of our being crowded in a great city; of how you are here huddled together by yourselves with your work, while with us 40 or 50 per cent. of the students are on the university grounds only for lectures and recitations. I see your founder living with you, while with us the man who makes our work possible has been with us only a single day in our whole history. I also notice our different methods for accomplishing the same thing. Our founder has used his own method. He tells us to go ahead and he writes the checks."

In conclusion he paid a warm tribute to President Jordan.

An Advance in Wages.

BELLAIR, O., April 4.—The employees of the Aetna-Standard Iron and Steel Co.'s works at Aetna Village and Mingo, O., were Monday notified of an advance in wages of 10 per cent. to go
